KAPPA VINAY

Salesforce & Full Stack Developer

Apex · Triggers · LWC · SOQL · REST APIs · React.js · JavaScript / TypeScript · Java · SQL · Git

Nellore, Andhra Pradesh, India | +91 74169 73683 | vinayrajukappa@gmail.com | linkedin.com/in/kappavinay

PROFESSIONAL SUMMARY

Salesforce and Full Stack Developer with 1.5+ years of experience building CRM solutions and web applications in remote roles for Australia- and US-based companies. Develops Apex classes, triggers, and Lightning Web Components (LWC), and integrates Salesforce with external systems through REST APIs. Builds responsive front ends with JavaScript, TypeScript, React.js, HTML, and CSS, and backend services with Java, Spring Boot, and SQL databases, using Git and an AI-assisted workflow.

TECHNICAL SKILLS

Salesforce	Apex Classes, Apex Triggers, Lightning Web Components (LWC), SOQL, REST API Integration, CRM Integration, Agentforce, Process Automation
Front End	JavaScript, TypeScript, React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, React Native, Expo
Backend & Data	Java, Spring Boot, RESTful APIs, SQL, MySQL, Supabase
Business Apps	Zoho CRM, Zoho Bigin, Power Automate, SharePoint, Microsoft Planner, Microsoft 365
Tools	Git, GitHub, VS Code, Eclipse, Claude Code, Cursor, GitHub Copilot, Windsurf

PROFESSIONAL EXPERIENCE

Salesforce Developer

Apr 2026 – Present

Vismi AI Technologies Pty Ltd | Sydney, Australia · Remote

Salesforce consulting and implementation firm serving clients across Australia and the Asia-Pacific.

- Develop **Apex** classes, **triggers**, and **SOQL** queries that automate business logic and CRM data management.
- Build **Lightning Web Components (LWC)** for responsive, intuitive user interfaces in Salesforce.
- Implement **REST API and CRM integrations** that connect Salesforce with external applications.
- Build and configure **Agentforce AI agents** that automate business workflows in Salesforce.
- Contribute to **full-stack web** and **React Native** development, using Claude Code, Cursor, and GitHub Copilot.
- Build **Zoho Bigin** and **Microsoft Planner** integrations with **Power Automate**, SharePoint, and Zoho APIs.
- Gather client requirements and configure **Zoho CRM / Bigin** fields, stages, and workflows.
- Built and maintain vismiai.com, and manage **digital marketing**, leads, and client email updates.

Java Full Stack Developer

Jan 2025 – Mar 2026

TrueMagix Solutions | Austin, TX, USA · Remote

- Developed backend services and **RESTful APIs** with **Java**, **Spring Boot**, and **MySQL**.
- Built responsive front-end interfaces with **JavaScript**, HTML, CSS, Bootstrap, and Tailwind CSS.
- Integrated front-end and backend layers into scalable business applications, using **Git** and GitHub.
